Seoul National University has achieved a great deal since its founding in 1946. As the indisputable leader of higher education in South Korea, SNU is known for the outstanding achievements made by the school itself as well as by its graduates.

The founding of SNU marked the opening of the first national university in modern South Korean history. Originally, the university was composed of one graduate school and nine colleges. Today, the university has 16 colleges, 9 professional graduate schools, 1 graduate school, and 135 research institutes and other supporting facilities, all of which are distributed over two campuses. Gwanak Campus, the main campus of the university, is located at the foot of the magnificent Gwanak Mountains in a 4.8 km<sup>2</sup> area. The Schools of Medicine, Nursing and Dentistry and the University Hospital are all located on the Yeongeon Campus in downtown Seoul.

SNU offers its students outstanding cultural and recreational opportunities with a wide variety of additional entertainment options available in the city of Seoul. SNU has a student enrollment of approximately 28,000; 17,000 at the undergraduate level and 11,000 at the graduate level. About 5,300 faculty members are appointed at SNU with more than 200 international faculty members. Over 300,000 SNU alumni play a leading role in every sector of South Korean society.

## SNU Sights

### 1. Monument of the 4.19 Civil Revolution

This monument was built by students in memory of the April 19th Revolution, a rally against political corruption and oppression.

### 2. Acropolis – the Heart of Student Engagement

The 'Acropolis' refers to the space between the Administration Office and the Central Library. In the 1980s, 10,000 SNU students gathered at this site and protested for democracy. Since then, the Acropolis has stood as a symbol of the SNU student movement.

### 3. Jahayeon - the Pond with the Purple Glow

Jahayeon, which means "the pond with the purple glow", is situated in the center of the campus. It is especially beautiful in the spring, when the cherry blossoms provide a scenic picture.

### 4. Beodeulgol - the Hill of the Willow Tree

Beodeulgol "the hill of the willow tree," is a broad grass field located near the amphitheater. From spring through fall, SNU student clubs and alumni associations hold various activities there.

### 5. Main Gate

The huge triangular main gate is the most symbolic figure representing SNU. Designed with the first consonants of each word of 국립서울대학교 in Korean, the gate resembles the shape of a key. The key symbolizes the school's determination to pursue the virtue it states in its motto 'Veritas Lux Mea.'

## Health Care and Insurance

### /// Health Care System

In Korea, it is common to visit walk-in clinics or local doctors. Local doctors are usually specialized in one field, such as the eyes, ears, skin, etc. If you have any special needs or need further treatment at a larger hospital, the doctor will refer you to an appropriate hospital. You may also go directly to general hospitals. However, the waiting time can be longer, and the fees are usually more expensive than local clinics. Be sure to bring your Health Insurance Card with you when you go to a hospital.

### /// National Health Insurance

SNU requires all international students to have a health insurance plan. The National Health Insurance Corporation (NHIC) covers a high percentage of your hospital and prescription drug costs. In the Korean insurance system, alternative therapies like acupuncture and homeopathy are sometimes also covered.

International students can apply for National Health Insurance after their arrival in Korea. To apply for insurance, international students (holding D-2 visa) who have already registered as foreigners at the Immigration Bureau, must visit the NHIC headquarters or one of its branch offices with their Foreigner Registration Card,

passport and bank book (for automatic withdrawal). Unfortunately, billing is retroactive to the date you registered your residence in Korea. For example, if you decide to purchase insurance 6 months after your arrival in Korea, then you must also pay the monthly fee for the first six months you were not insured.

## /// Off-Campus Housing

Although student dormitories are convenient and economical, they are not sufficient for everybody. International students who wish to live alone or who are unable to be admitted to the dormitory should find accommodation off-campus.

## // Neighboring Areas

SNU has three main neighborhoods such as around Seoul Nat'l Univ. Station Area, Sillimdong Area (or called Nokdu Street) and Nakseongdae Area. Below is a comparison of three areas:

	Seoul Nat'l Univ. Station	Sillimdong (Nokdu St.)	Nakseongdae
Good	<ul style="list-style-type: none"> <li>- Conveniently located by subway Line 2 and various buses to points of interest in Seoul.</li> <li>- Free Shuttle bus to SNU</li> <li>- Many choices in terms of restaurants.</li> </ul>	<ul style="list-style-type: none"> <li>- Quiet environment, particularly in Sillim 2 dong.</li> <li>- Shuttle bus available, or 10 minutes walk from the SNU main gate.</li> <li>- Many restaurants and pubs open late at night.</li> <li>- Rent can be cheaper if you don't mind climbing a moderate hill.</li> </ul>	<ul style="list-style-type: none"> <li>- Quiet residential area.</li> <li>- Convenient transportation.</li> <li>- Newly built apartments</li> <li>- Couple of nearby sports centers.</li> </ul>
Bad	<ul style="list-style-type: none"> <li>- Most expensive.</li> <li>- You may have to walk past a block of motels to get home.</li> </ul>	<ul style="list-style-type: none"> <li>- Students need to take a bus to get to a subway station.</li> <li>- Sillim 9 dong is known as a residence block for many people who are preparing state examination, thus bustling and complicated.</li> </ul>	<ul style="list-style-type: none"> <li>- No shuttle bus. Instead students commute to SNU by regional bus No. 02.</li> <li>- On foot it takes 30 minutes from the station to SNU, with an upward slope.</li> </ul>

*\* Although using a real estate agency can be convenient, you may expect to pay 0.3~0.5% of the "key money".*

## // Boarding House ('Ha-sook' in Korean)

'Ha-sook(하숙)' is a boarding house, where the house owner provides you a room, breakfast and supper, and does laundry as well. For international students, a 'ha-sook(하숙)' may provide chances to taste Korean culture up close and to make lasting friendships with other students. Bathrooms are shared. Payment is monthly ('Wolse'(월세) monthly payment), with utilities typically being included.

## // Studio (One bedroom)

Generally fully-furnished, a studio is the favorite style for most students. More and more studios are being built around SNU. Granted it is the most expensive, the price varies according to the size, location and options such as air-conditioning and washing machines. Payment is based on a yearly security deposit called key money (Jeon-se; deposit during the contact period). Monthly payment option or a combination of deposit and monthly payment option may also be available.

Key money usually does not include utilities but is returned at the end of the residence period. The idea behind this payment method is that the landlord can place the key money into a savings account and earn off the interest. Since key money requires a large sum of money upfront, you may be able to negotiate a payment method which combines key money (*Jeon-se*) and monthly rent (*Wol-se*).

For example, 40 million KRW key money with no monthly payment is similar to 10 million KRW key money with 300,000 KRW monthly payment.

### \*Tips on Off-Campus Housing

## Campus Facilities

### /// Cafeterias and Snack Bars

On-campus cafeterias mainly offer Korean cuisine, costing 1,700~10,000 KRW per meal. The menu includes noodles or rice and soup with 3~4 side dishes (Kimchi is usually one of these side dishes). Occasionally, western-style food is available.

#### Tips for Vegetarians

Korean cuisine is generally thought of as quite healthy with vegetables abundant in every meal. However, since Koreans maintain a balance between vegetables and meat in their meals, almost every dish also has meat, fish, shellfish or other kinds of animal-derived ingredients. Even foods which don't noticeably contain meat often contain ingredient such as beef powder or fish sauce, including Korea's culinary claim-to-fame: Kimchi. This can make it very difficult for strict vegetarians and vegans. At the moment, vegetarians are a minor group in Korea.

However, with the growing health concerns and animal rights movements, vegetarian restaurants are becoming increasingly popular. Currently, a vegetarian buffet is operating at Building no. 101.

### /// Restaurants on Gwanak Campus

Adjusting to unfamiliar food can be difficult and may make you feel homesick. To help you during these times, SNU provides an array of restaurants on campus to suit various tastes. The Hoam Faculty House has a restaurant run by a hotel, which provides high quality, western-style meals. If you are in the mood for Japanese food, you can go to the 3rd floor of the Dongwon House(which is called 'Sodam Maru' in Korean) to enjoy dishes like sushi, noodles and fried vegetables. If you would prefer a healthier meal, try visiting "Bibigo", a restaurant located in Bldg. 501 and try out their Bibimbap (mixed vegetables on rice).

**The weekly menu is printed in Korean in the SNU newspaper and also on the website (<http://www.snuco.com>) in Korean and English as well.**

- There are many other small snack bar/cafes around the campus which are not listed above.
- Cafeterias offering breakfast: Some of school cafeterias offer Korean-style breakfast which is not very different from other meals except that it is not spicy.
- Each cafeteria provides 2 or 3 different meal options

Parents' Day (May 8), Teacher's Day (May 15) are not national holidays but are celebrated with much love and respect.

Mar. 1	Independence Movement Day
May 5	Children's Day
Apr.-May	Buddha's Birthday (with a lunar calendar)
