Seemingly unrelated worlds will link to each other somehow. Join us and have new experiences along with international students at HSI this summer.

Hokkaido Summer Institute (HSI), one of the biggest summer schools in Japan, is a program that brings together worldwide researchers in its proven educational and research record, and provides educational inputs in cooperation with the Hokkaido University (HSI) Faculty members. In 2022, more than 200 researchers from all over the world will gather at HSI.

HSI also allows its participants to expand their knowledge of subjects in worldwide research fields of which used to be given only to HSI students. Program participants have an opportunity to attend diverse extra-curricular activities and local excursions which captivates or innervating on the world stage.

The medium of instruction at HSI is English. This provides international students with a diverse learning environment without having to worry about language barriers, and also creates a special opportunity for Japanese students who can participate in classes taught by internationally acclaimed researchers.

It has high expectations that the HSI students cultivate a better understanding of other cultures and improve communication skills through exchanges with researchers and students from other countries. Additionally, events are also planned for the participants enjoy Hokkaido’s beautiful summer.

Hokkaido University

Founded in 1918, Hokkaido University is one of the oldest, largest, and most prestigious universities in Japan. The University has 5 undergraduate schools and 12 graduate schools, covering almost all areas of the humanities, social, and natural sciences. Furthermore, we are one of the leading institutions for research activities in Japan and worldwide. We offer a comprehensive educational experience, which can also provide you with the opportunities of living in the cosmopolitan city of Sapporo. Our campus is located in a breathtakingly beautiful setting. Green spaces are spread throughout the campus, offering you an urban experience.

Sapporo and Hokkaido

Sapporo is the 5th most populous city in Japan with a population of 1.5 million. Even though it is a big city, Sapporo is community by a beautiful natural landscape that makes you feel that you are in an urban setting. Sapporo's strength is not only its beauty, but also its culture, culture, and hospitality, and the comfort of its climate. During the Hokkaido Summer Program, numerous cultural events will be held throughout the city, including the Sapporo Gion Festival, the Annual Spring Festival, and the Cherry Blossom Festival. All of these activities will help you enjoy the unique culture and tradition of Hokkaido.
