

**Specially-promoted Graduate Program for Creation of the Asian Engineering
Framework Based on Tripolar Alliances among Japan, China and Korea
(Special Graduate Program for Students from Seoul National University)
Guideline for September 2020 Entry
The Graduate School of Engineering, the University of Tokyo**

This graduate program is offered by the Graduate School of Engineering to a select number of qualified students from College of Engineering, Seoul National University. The program, established through connections between Japanese, Chinese, and Korean engineering educational institutions, aims to provide students with opportunities that will aid in the support of sustainable developments in Asia.

1. Field of Study

The study area must be within a field acknowledged by one of faculty members of the Graduate School of Engineering, the University of Tokyo.

<http://www.t.u-tokyo.ac.jp/soee/department/index.html>

2. Additional Requirements for Eligibility

The applicant must satisfy the following eligibility requirement in addition to the requirements for eligibility that are mentioned in ‘Application Guidelines for all Doctor’s Special English Graduate Programs’.

Those who have obtained, or are expected to obtain a master’s, professional degree, or its equivalent from Seoul National University by the day before the admission date in September, 2020.

3. Selection Methods and Announcement of Successful Applicants

Applicants are to be shortlisted through primary selection at the College of Engineering, Seoul National University. For those on the shortlist, the selection shall be conducted based on a comprehensive judgment, taking into account the submitted documents and an interview (to be held in Seoul).

Selection results will be sent to the Dean of College of Engineering, Seoul National University from the Dean of the Graduate School of Engineering, the University of Tokyo by the end of February 2020.

Interviews will be held at Seoul National University on November 24th, 2019.

4. How to Apply

Applicants must submit documents mentioned in the "Application Guidelines for all Doctor' s Special English Graduate Programs - 3.Documents for Submission" and following additional application documents to the Office of International Affairs at the College of Engineering, Seoul National University by the deadline set by the office.

The designated application forms can be created through the University of Tokyo's Graduate School of Engineering online application system "T-cens." Applicants must first upload all required information and documents on the T-cens system and then submit the paper based application materials to the above-mentioned office at College of Engineering, Seoul National University.

The T-cens system will be available at the website below after 15:00 on September 2nd, 2019.
