

The Hong Kong University of Science and Technology

School of Engineering

International Internship Program

- **Hong Kong University of Science and Technology (HKUST) – The World's Top University in Technology**

Being a young university with less than 20 years of history, HKUST is:

Rank # 1 among all the Engineering schools in Hong Kong and Greater China; and

Rank #26 in the world's top Engineering & IT universities; and

Rank Top 30 in the world's top Engineering & IT universities for 5 consecutive years (2009 Times Higher Education – QS World University Rankings).

- **International Internship Program: A Research Experience at HKUST**

This program aims at providing opportunities for International Intern to gain hands-on research experience from top-notch scholars using the state-of-the-art facilities at HKUST.

- **Financial Support**

Each successful International Intern will receive up to HK\$9,000 (~US\$1,150) per month as the living expenses for a maximum period of 6 months.

- **Application Requirements**

Applicant applying to be an International Intern at HKUST should:

- (a) be registered as undergraduate senior year student or master's student at a recognized tertiary institution outside Hong Kong; and
- (b) have an educational background deemed satisfactory by the host department at HKUST which is willing to admit him/her as an International Intern; and
- (c) have gained an approval from the home institution to register at HKUST as an International Intern.
- (d) International Interns will take a research project course under the supervision of HKUST faculty.

- **Application Procedure**

Applications can be made through the University Application Online System at <https://www.ab.ust.hk/arr/adm/>.
