

**Bai Xian Asia Institute Summer Program 2022**  
**Non-Scholar Participant Invitation**

**Introduction**

Every August, the [Bai Xian Asia Institute \(BXAI\)](https://www.bxai.org/) Summer Program brings together up to 100 students from universities across East Asia for a fun and enriching experience of exploration and learning. Through exchanges with influential global leaders, panel presentations, and workshops, students broaden their perspectives and develop a greater understanding of issues affecting Asia today. Due to the COVID-19 pandemic and travel restrictions, *the BXAI Summer Program 2022 (SP22) will be held virtually from August 5 to 18 in partnership with the Hong Kong University of Science and Technology (HKUST), with operations based in Hong Kong.* This year's overarching theme is "The Age of Disruptive Innovation", and participants will be exploring topics surrounding the area of artificial intelligence.

In an effort to engage more aspiring young leaders who are interested in gaining unique cross-cultural experiences, BXAI is inviting eligible students outside of its scholarship program to apply for the SP22 in August.

Website: <https://www.bxai.org/>
